Stakeholder Collaboration & Participatory Branding

Why it matters…

Co-creation Logic

- From DMO control to 'shared meaning'
- Experience economy – create value with residents and visitors

Stakeholder Eco-system

- Primary Stakeholders
- Secondary Stakeholders
- Interdependencies
- Power dynamics

Role of Residents

- Ambassadors, critics, storytellers
- Identity vs Image
- Risks – Resistence or misalignment

Local Businesses

- Role in Delivering the Promise
- Product development Innovation
- Cross-sector partnerships
- Control of competition

DMOs as Facilitators

- From Brand Managers to Brand Orchestrators
- Convening & enabling dialogue
- Managing tensions - Strategic Vision vs Grassroots Identity

Government & Public Sector

- Policy frameworks
- Infrastructure, regulation, long-term planning
- Political Cycles & brand continuity
- Public/Private Partners

Community Identity & Place Meaning

- Place DNA
- Cultural Heritage & Collective Memory
- Authenticity
- Research methods

Participatory Branding Methods

- Co-creation workshops
- Citizen panels
- Digital participation
- UGC & storytelling labs

Managing Conflict & Imbalance

- The loudest voice
- Marginalisation
- Competing visions
- Consensus building

Melbourne

- Creative city identity shaped by community

Amsterdam

- I Amsterdam perspectives

Porto

- Stakeholder alignment
